## Why Invest in a New Roof System?

- **Peace of Mind! No More Water Leakage**

- How frustrating are unexpected costs to repair your home?

- **Proper Moisture Control in Your Attic**

- Incorrect ventilation can be addressed to prevent future mold build up from high condensation in your attic.

- **Protect Yourself From Future Insurance Claims and Deductibles**

- A hail resistant option can save future headaches and possibly even lower your premiums!

- **Update the look and curb appeal of your home**

- Your home is your most important investment, it should look that way too.

- **Increase the value of your home and the speed of resale**

- How important was your first impression when you bought your home?
- How many buyers are looking for move-in ready homes? What do you think they would deduct from your asking price to cover a new roof?
