Canadian Cancer Society Official Letter of Endorsement

Max Green Windows and Doors

On behalf of the Canadian Cancer Society AB/NWT Division, we'd like to thank Adam Jones and Max Green Windows and Doors for donating partial proceeds of their business to the Canadian Cancer Society

This Fundraising Initiative will help us prevent cancer, save lives and support people living with cancer. Funds raised through this fundraiser will help us:

- fight all cancers by supporting the best cancer research
- influence change through our advocacy efforts
- empower Canadians with the latest information to fight cancer
- speak up against cancer on behalf of Canadians
- support people living with cancer, including family members and caregivers

The support we receive allows us to have more impact against more cancers in more communities than any other cancer charity in Canada. No cancer escapes the attention of the Society – **we fight all cancers**. This means that our donors don't have to decide which cancer they want to fight.

Together, we fight them all. With your support, we are making progress. Today Canadians have a 62 per cent chance of surviving a cancer diagnosis compared to 33 per cent just 40 years ago. With every donation, researchers are making significant progress in the fight against cancer.

Again, thank you to the team at Max Green, and their supporters for their time and dedication in contributing to this special fundraising initiative; we are certain the fundraiser will be a great success! Donations are also being accepted at www.cancer.ca/reachforacure (go to Donate: Search: Adam Jones)

We wish you the best of luck and please feel free to contact me at anytime if you require more information or need assistance.

Sincerely,

Louise Daly
