I hired Adam Jones, Max Green Windows to replace all our basement windows, I was impressed when Adam Jones gave me the quote with the way he explained each price of the quote.

Today the windows were installed, all the old windows taken, the place was left clean. It was explained to me how to lock and unlock the windows.

I'm very satisfied to have hired Adam Jones, admire his workmanship and know-how; and will recommend him to all my neighbors, friends and family.
